Format: R & S Adventures

"STIMPY'S INVENTION"

Open on STIMPY in his BASEMENT WORKSHOP. He tinkers away on some of his latest inventions. He tries them out on REN.

SUNDRY INVENTIONS:

1) The cheese o' phone enables you to talk to cheeses around the world, regardless of their foreign tongues.

He makes Ren wear it.

2) REMOTE-CONTROL SHAVER:

With this amazing device, you can shave from a distance! You NO LONGER HAVE TO BE THERE! Stimpy demonstrates this astounding breakthrough for Ren. He shaves a couple of stripes of fur off Ren from across the room.

3) STA-PUT SOCKS:

Stimpy, "Hey Ren, try my new sta-put socks, they never fall down!

Ren says, "Yeah? Now that's a good idea!"

As Ren puts on the socks, he asks, "How do they work?"

Stimpy, "They're full of glue!"

Glue oozes out all over Ren's legs.

REN CRACKS:

Ren loses it. He goes berzerk, dropping to the floor in a mad raving fit of anger.

Stimpy notices Ren isn't happy. Inspiration seizes him! He knows where his duty lies. He must use his gift of invention to save Ren!

STIMPY WORKS HARD:

Stimpy locks himself in his dark and dripping workshop for months. He is buried under heaping dusty stacks of **POPULAR SCIENCE** magazines, tons of obscure-looking gizmos, greasy devices & radioelectric tubes. He is bathed in dancing light as the hot glowing Radion Bulbs illuminate his sweating visage in an eerie caricature of pure unleashed creative force. Steam cakes the protruding bubbled lenses of his protective goggles as his brow knits in unfathomable thought. This is the face of **GENIUS**.

REWARD OF LABOR:

Finally, Stimpy is finished. He has created an invention that will cure Ren's temper once and for all.

THE HAPPY HELMET:

Stimpy wrestles Ren to the ground and straps a silly looking helmet on his head.

Ren, "What eez thees thing? Geet eet off of me!"

Stimpy, "It's the Happy Helmet, Ren. Now you'll always be happy."

Stimpy uses a remote control to change Ren's expression from complete rage to a gigantic insane smile.

TENSE INTERLUDE:

For a few brief moments, Ren tries to fight the effects of the helmet. His facial skin pulls back over his twitching frown musculature causing him to make the most horrifying expressions of

delight. He gives a fine effort but alas, the force of the happiness field is just too much for him.

Ren, "Ha Ha Ha Ha Ha I'm so happy!"

REN DOES NICE THINGS!

Ren, moving like a crazed automaton jerks himself around the house doing wonderful things for Stimpy.

1).....

2) **CLEANS LITTERBOX.**

Ren carries Stimpy's catbox over to the trashcan. He scrapes the litter into the can with painful glee. "See how I love to clean **Feelthy** Catboxes, Steempy?...HA HA HA HA HA HA HAAAAGH!!... I Don't even care if it's **STEENKY!!...HA HA HA !**"

3).....

Ren is continually pushed to the edge of insanity by Stimpy, but because of the Happy Helmet, he is forced to be joyous.

DANCE TIME: BIG MUSICAL CLIMAX

Ren and Stimpy do the **HAPPY HAPPY JOY JOY** Dance.

He is inecstasy as he & Ren prance all over the house singing, " **HAPPY HAPPY HAPPY...JOY JOY JOY!...**"

Ren, being worn out and exasperated by the joyous dance tries everything to dislodge the hateful helmet; banging his head against the walls; smashing it with a hammer, etc,etc...

STIMPY GIVES IN:

Eventually, Stimpy realizes that Ren is actually happier when he's miserable and releases him from his helmet.
